## MANUFACTURER SUPPLY REPRESENTATIVE

# THE ARMORED GROUP

The Armored Group (TAG Middle East) is a leading manufacturer of Armored Personnel Carriers (APCs) in the Middle East and based in UAE.

We are the major Manufacturer Supply Representative of TAG across Africa for sourcing, financing, and supply of the following military vehicles:

## PUMA M36 MRAP

THE PUMA M36 IS AN ARMORED PERSONNEL CARRIER (APC) WITH A V-SHAPED HULL, GIVING IT MINE AND IED PROTECTION.

Built on a commercial truck drive line, the main use for the Puma is by military and police forces during peace keeping, homeland security and other asymmetric warfare operations.

The Puma also has the ability to act as a high mobility mine protected patrol vehicle, an ambulance, a mine protected weapon carrier as well as a mine protected command vehicle.

### STANAG LEVEL 4a & 4b

# GAMPER MRAP

THE GAMPER IS AN ARMORED PERSONNEL CARRIER (APC) WITH A V-SHAPED HULL, GIVING IT MINE AND IED PROTECTION.

The Gamper builds on its predecessor, raising the platform to new levels of performance for the high and end user, while staying true to its core features of simplicity and ease of maintenance.

Considerable upgrades and features have been added, giving the unit more power, greater maneuverability and increased protection levels.

## STANAG LEVEL 4a & 4b

Founded in 1976, Nuro! Makina has been involved in the defense sector since 1992, and is currently engaged in the production of 4x4 tactical wheeled armored vehicles at its modern facilities in Ankara/Turkey.

Gateway Group is a Manufacturer Supply Representative of NUROL MAKINA for sourcing, financing, and supply of the following military vehicles:

## NUROL MAKINA

Motar Vehicle

NMS EWB 4X4

PARS 4X4

ILGAZ-II 4X4

EJDER KUNTER

# KATMERCILER

---

Founded in 1985, Katmerciler is major manufacturer of military equipment and a leading player in the Turkish defense industry.

We are a Manufacturer Supply Representative of Katmerciler across Africa for the following military equipment:

HIZIR 4X4

EJDER KUNTER

# OTOKAR

Otokar is a major manufacture of military vehicles in Turkey.

# CANIK SUPERIOR ARMS

---

Samsun Yurt Savunma sanayi and Ticaret A.(CANIK) is the leading manufacture of weapons in Turkey.

CANIK has become the best brand that produces innovative products, quality service and smart solutions in firearms for the global defense industries.

Gateway Group is a manufacturer supply representative of CANIK across Africa for the following weapons:

## CANIK SUPERIOR ARMS

TP9 SA Mod.2

# INNOVATIVE FINANCING SOLUTION

## 1. SECURITIZATION OF FUTURE UN REIMBURSEMENTS FROM CONTINGENT OWNED EQUIPMENT (COEs)

For African countries engaging Gateway Group to supply defense equipment for UN peacekeeping supply project, Gateway Group shall leverage its extensive financing experience and the network of its global and local banks to develop innovative financing solution that will securitize future receivables/reimbursements from the UN contingent owned equipment (COEs) against concessional bank credit facility for 100% pre-financing of the equipment being procured for the country's armed forces deployment of the UN peacekeeping mission.

This innovative financing solution will not require the engaging country to prefinance the purchasing equipment from the national coffers or budgetary resources.

Details of the process for this innovative financing solution will be further discussed upon engagement of Gateway Group.

## 2. PRE-FINANCING CAPABILITY

For national and internal defense security supply projects, Gateway Group and its team of global financiers have the financial capability to pre-finance up to 50% of the total equipment needs by leveraging 50% required mobilization funding from clients against 100% supply and delivery of the total contract equipment.

## COMPETITIVE ADVANTAGE

Gateway Group leverages our combined 25 years of defense equipment supply experience, extensive network of global military and defense equipment manufacturers and financiers to provide exceptional supplies and delivery experience to our clients, that includes but not limited to the following:

- Prefinancing
- Prompt delivery
- Technical and Financial advice
- Expert advice of choice of products brands and service warranties

Our company is well abreast with current issues in relation to the global defense industry. We invest our time and resources in participating in Defense Exhibitions organized globally to keep Gateway Group abreast with current and emerging cutting-edge defense equipment that are crucial to keep our clients' armed forces well prepared against internal and external threats.

## CONCLUSION

For over 10 years, Gateway Group and our partners' core value is our fundamental belief in clients' defense and security equipment solutions. As a result, we do not believe in standard industry answers to our clients' defense security equipment, and financing needs. We recognize that every client needs are different, and thus ground our work with custom solutions to yield the greatest competitive military and defense advantages and value for our clients. This ensures that our clients achieve sustainable competitive advantage, build more capable military force, and secure lasting results for the protection of territorial integrity, internal and cross-border defense, peace, and tranquility.

Thank you in anticipation for your favorable consideration. We look forward for further presentation of our technical and financial capabilities to meet your defense and security equipment needs at a highly competitive price, within budget, on time, and the highest quality standards.

## Thank You !!
